

ADVANCED VOICE MAIL SYSTEM FOR TODAY'S BUSINESS

Because People Won't Wait.

The Perfect Companion to Your PBX

TeleCARE™ Voice Mail System is an advanced voice mail system comprising an auto attendant with multi-level directory and a voice messaging system.

TeleCARE™ Voice Mail System :

- handles multiple call simultaneously
- transfers calls to the requested extension automatically
- takes voice messages
- works as a personalised advertising medium 24 hours a day
- improves business productivity and communications
- integrates with your phone system seamlessly

What can TeleCARE™ Voice Mail System offer You?

TeleCARE™ offers you:

- a telephonist to receive & transfer calls
- a secretary to screen calls, take and convey messages
- a personalised advertising medium for your products and services
- a voice mail system to facilitate non-real time voice communications

THE PRESSING PROBLEMS YOU CANNOT IGNORE

The phones are ringing. Calls are passed around hastily. Transferred to the wrong extensions. Callers are put on hold. You need more lines. The costs spiral upwards. You waste time and money returning unimportant calls. Sifting through piles of message slips. Fretting over lost messages. Trying to decipher vague messages.

The losses that stem from poor communication are more damaging than you think. Your company cannot afford to ignore such pressing problems. Why put up with these when there is a solution that is quick, simple, efficient and cost-effective?

THE SOLUTION THAT GROWS WITH YOU

VMS Technology offers the answer to all your communication hassles in one simple package. The TeleCARE™ Voice Mail System is designed to meet your every business needs without costing the earth.

Available in two models, businesses of all sizes can now afford a TeleCARE™. TeleCARE™ Business Voice Mail offers 54 features for practical use and easy installation. TeleCARE™ Advanced Business Voice Mail with additional 6 features including Interactive Voice Response caters for your most demanding requirements. Fully field proven and a market leader, TeleCARE™ is unbeatable in terms of price and performance. As your business grows, TeleCARE™ grows with you.
